

PSC SOCCER TOTS SESSION 2

To get started and get their attention:

Count down 5-4-3-2-1
or Extend arms, palms up = noise, palms down = quiet

Kneel down to their level

Get started quickly, the 30 second rule. Every player should have a ball and be involved.

Play the games/activities. Let the games/activities teach (guided discovery). Fix the rules on the fly. Note: for those who are trying to teach technique, they are too young and the other children are standing/watching when they all should be involved all the time. If you run out of activities please feel free to also play the ones they liked most from last week.

BE ENTHUSIASTIC
BE POSITIVE
BE ENCOURAGING

NO FRUSTRATION, send them on a water break
